Obras ampliam rede de drenagem no entorno do Itanguá

Zaqueu Proença / Secom

A Prefeitura de Sorocaba, por meio da Secretaria de Mobilidade, Desenvolvimento Urbano e Obras (Semob), implanta um novo sistema de drenagem no entorno do córrego do Itanguá, na Zona Oeste. As intervenções desenvolvidas nas Avenidas Adão Pereira de Camargo e Américo Figueiredo visam ampliar em cerca de 90% a capacidade de escoamento de águas pluviais e, consequentemente, minimizar os riscos de alagamento nos locais.

Os dois sistemas usarão tubulações de concreto armado denominadas "aduelas", que permitem a captação de um volume maior de água e suportam um tráfego de veículos mais intenso. Com oito metros de altura por quatro de largura, cada linha de tubos terá capacidade para vazão de 140 m³/segundo, conforme estudos técnicos desenvolvidos pelo Serviço Autônomo de Água e Esgoto (Saae).

Os trabalhos de reconstrução dos sistemas de drenagem do Itanguá devem prosseguir até o mês de junho, período em que permanecerá a interdição e esquema especial de trânsito e transporte coletivo por parte da Urbes – Trânsito e Transporte.

Prefeitura asfalta Rua Protássio de Camargo Sampaio

Zaqueu Proença / Secom

Atendendo a antiga reivindicação da população, a Prefeitura de Sorocaba vem executando obras de pavimentação em mais de trinta ruas de terra em todas as regiões da cidade. Uma delas é a Rua Protássio de Camargo Sampaio, no Jardim Francine, região da Vila Helena, que já recebe o sistema de drenagem para escoamento de águas pluviais.

Com cerca de 700 metros de extensão, em declive, as ações atuais consistem na instalação de galerias subterrâneas fabricadas em concreto, cuja função é captar água da chuva e redirecioná-la para rios e córregos. Após esta etapa, serão desenvolvidos serviços para regularização do solo, implantação de guias e sarjetas em concreto, preparação da base e sub-base do terreno para aplicação de massa asfáltica.

Trecho da Marginal Direita avança em mais uma etapa

Emerson Ferraz / Secom

Com objetivo de propiciar melhor fluidez ao trânsito entre a Avenida Dom Aguirre e o Alto da Boa Vista, a Prefeitura de Sorocaba desenvolve, desde fevereiro, uma série de obras viárias na região do Jardim Saira. As mudanças criarão um novo sistema binário, da Avenida 15 de Agosto à confluência da Alameda Batatais com a Avenida Professor Joaquim Silva. Até o final do mês, segue a instalação de dispositivos de drenagem no local, etapa que deve seguir até o final do mês.

O novo sistema viário deve duplicar a capacidade de fluxo de veículos pelo local, absorvendo o tráfego de veículos originário não somente da Dom Aguirre, mas também das regiões da Vila Progresso e Jardim Iguatemi. Com cerca de 600 metros de extensão e com ciclovia, a pista vai começar na 15 de Agosto, passará pelas Pontes "Fernando de Luca Neto" e "Pinga-Pinga", passando por baixo da ponte da Rodovia Senador José Ermírio de Moraes (Castelinho) até chegar à confluência com a Alameda Batatais e avenida Prof. Joaquim Silva, na altura do Centro de Referência em Educação.

Projeto vai avaliar acessibilidade em prédios públicos

A Prefeitura de Sorocaba irá contratar empresa para elaboração de projetos de acessibilidade para 240 próprios municipais, entre secretarias, escolas e outros serviços, localizados em diversos pontos da cidade. Entre estes, estão o Cras da Vila Progresso, a EM "Norma Justa Dall'ara", no Jardim São Camilo, e o CEI 18, da Vila Fiori.

Nesta semana, foi realizado o primeiro encontro formal do Grupo de Trabalho de Acessibilidade (GTA) sobre Política Municipal de Acessibilidade em Sorocaba. A responsabilidade do grupo será a de criar um documento adequado à realidade de Sorocaba, que reúna aspectos importantes das leis já existentes para garantir a acessibilidade.

JUSTIFICATIVA:

A medicalização é o processo de transformação de questões de diferentes ordens em problemas médicos. Assim, preocupações que deveriam ser tratadas como políticas, culturais ou afetivas, se tornam distúrbios e transtornos, e a responsabilidade por elas são tiradas de seus verdadeiros causadores.

Com base nessa definição, vem sendo levado pela sociedade um movimento que procura esclarecer essa questão e orientando os diretamente envolvidos no problema, esclarecendo o equívoco.

Problemas de diferentes ordens, são apresentados como "doenças", "transtornos", "distúrbios" que escamoteiam as grandes questões políticas, sociais, culturais, afetivas que afligem a vida das pessoas. Questões coletivas são tomadas como individuais; problemas sociais e políticos são tornados biológicos. Nesse processo, que gera sofrimento psíquico, a pessoa e sua família são responsabilizadas pelos problemas, enquanto governos, autoridades e profissionais são eximidos de suas responsabilidades.

Uma vez classificadas como "doentes", as pessoas tornam-se "pacientes" e consequentemente "consumidoras" de tratamentos, terapias e medicamentos, que transformam o seu próprio corpo no alvo dos problemas que, na lógica medicalizante, deverão ser sanados individualmente. Muitas vezes, famílias, profissionais, autoridades, governantes - e formuladores de políticas eximem-se de sua responsabilidade quanto às questões sociais: as pessoas é que têm "problemas", são "disfuncionais", "não se adaptam", são "doentes" e são, até mesmo judicializadas.

A aprendizagem e os modos de ser e agir - campos de grande complexidade e diversidade - têm sido alvos preferenciais da medicalização. Cabe destacar que, historicamente, é a partir de insatisfações e questionamentos que se constituem possibilidades de mudança nas formas de ordenação social e de superação de preconceitos e desigualdades.

Em face de sua relevância, esperamos contar com o imprescindível apoio da Senhora Vereadora e Senhores Vereadores para a aprovação do presente Projeto de Lei.

APRESENTAÇÃO

Há mais de uma década o país tem se mobilizado, por meio de profissionais, do poder público e da sociedade civil para enfrentar o problema da violência sexual no intuito de reduzir a mortalidade infantil por acidentes ou violência.

Após a implementação de uma Política Nacional de Promoção de Saúde e elaboração do 1º Plano Nacional, algumas cidades se uniram num esforço para se aproximarem da realidade da violência, conhecê-la, notificá-la, bem como criar mecanismos eficazes de um trabalho de rede que atendesse prontamente às vítimas de violência (crianças, adolescentes, homens e mulheres).

Oito anos após sua elaboração, o Plano Nacional foi revisado e os resultados apontaram os pontos fortes e fracos merecedores de atenção por parte do Estado, no intuito de fortalecer algumas iniciativas da política pública, chamando a sociedade civil para um trabalho de corresponsabilidade.

Em Sorocaba não tem sido diferente, já que a preocupação com a violência se deu, inicialmente, com alguns profissionais da área da saúde.

O Conjunto Hospitalar, por meio do Núcleo Hospitalar de Epidemiologia, teve a iniciativa de implantar, inicialmente um serviço de atendimento às vítimas de violência sexual (V.V.S.), objetivando a redução de transmissão das doenças sexualmente transmissíveis.

No ano de 2003 o Município recebe o prêmio Mario Covas em reconhecimento às ações desenvolvidas através do PAI - Protocolo de Atendimento Integrado -, pois naquela época já havia centralização integrada do atendimento aos casos de violência sexual com orientação para que as vítimas fossem encaminhadas para o Conjunto Hospitalar, que por sua vez acionava os demais serviços para atuarem in loco (IML, PM, PC).

O CREAS – Centro de Referencia Especializado de Assistência Social - surge na Cidade de Sorocaba em abril de 2006, após o Município ter sido contemplado com um programa do Governo Federal, cujo objetivo era oferecer um conjunto de procedimentos técnicos especializados para atendimento e proteção imediata às crianças e aos adolescentes vítimas de abuso ou exploração sexual, bem como a seus familiares, o "Programa Sentinela".

Após um amplo trabalho de mapeamento geopolítico e social das regiões do Brasil em que havia crianças e adolescentes em situação de violência, abuso e exploração sexual, fruto de uma parceria entre a SEDH –Secretaria Especial dos Direitos Humanos -, UNICEF, Comissão Intersetorial de Enfrentamento do Abuso e Exploração Sexual de Crianças e Adolescentes, a pesquisa chamada Matriz Intersetorial de Enfrentamento da Exploração Sexual Comercial de Crianças e Adolescentes identificou 932 Municípios e localidades brasileiras onde ocorre a exploração sexual comercial infanto-juvenil.

Tal levantamento baseou-se, entre outros dados, no mapeamento dos pontos de prostituição infanto-juvenil nas estradas federais realizado pela Polícia Rodoviária Federal e informações contidas no Disque Denúncias.

A partir do ano de 2006, o Programa Sentinela foi integrado ao SUAS – Sistema Único de Assistência Social-, passando a fazer parte do Sistema de Proteção Social Especial, locado no CREAS. Sob a ótica do SUAS, o Município encontra-se no nível de gestão básica, sendo função do CREAS, dentro da Proteção Social Especial, prestar serviços de média complexidade.

Uma reunião de considerável relevância para a cidade acerca desse tema partiu das ações da Vigilância em Saúde de Sorocaba, que implantou o Núcleo de Prevenção da Violência, promoção da saúde e Cultura pela Paz, culminando no Projeto VIVA, instituído no ano de 2007.

Ampliou-se, dessa forma, o compromisso dos profissionais da vigilância sanitária, do CREAS, das Universidades, da classe médica, conselhos, Defensoria Pública, Polícia Civil, dentre outros, de pensarem juntos como se daria o trabalho de rede de enfrentamento à violência em Sorocaba, ao iniciar suas ações com a realização de um Fórum, seguido de reuniões mensais que visavam alimentar um banco de dados oficial do Município com as notificações dos casos de violência na cidade.

Essas reuniões foram pautadas de estratégias para divulgação dos serviços especializados no tema à população da cidade e região propiciando, assim, maior conhecimento a respeito do fluxo de atendimento aos casos de violência sexual e agilidade no processo que costuma ser longo e desgastante para a vítima.

O percurso desse grupo nos últimos anos atesta o interesse da sociedade civil e Estado na busca de alternativas para dirimir o problema da violência que assola não só a cidade e região, mas todo o país. Este grupo espera que os esforços empregados na construção do Plano Municipal de Enfrentamento à Violência Sexual Infanto Juvenil para Sorocaba possam ajudar as futuras gerações no caminho de uma sociedade mais justa e sem violência.

Num esforço conjunto desses técnicos, iniciativas importantes foram tomadas no intuito de capacitar todos os atores envolvidos nos diferentes serviços na oferta de cursos em São Paulo, realização de visitas a serviços de referências em cidades vizinhas, trazendo profissionais renomados para debaterem com os próprios da cidade, de modo que alguns paradigmas fossem quebrados e pudessem dar lugar ao cuidado, proteção e humanização.

Há pelo menos dois anos esse grupo de profissionais que acompanha os trabalhos desde seu início resolveu em um Fórum contar com a colaboração da sociedade civil, por meio de seus profissionais e interessados pelo tema, a fim de elaborarem ações importantes que possivelmente poderiam ser trabalhadas na cidade de Sorocaba, tendo como norteadores os eixos do plano Nacional.

A força do incessante trabalho deste grupo constituído de profissionais, pautados por valores democráticos e preocupados com o tema da violência permitiu que se construísse uma política pública de controle social efetiva que contemplasse a todos os munícipes.

Importante ressaltar que esse grupo identificou a necessidade de sua oficialização e encaminhou para o executivo uma proposta de criação da Comissão Municipal de Enfrentamento a Violência Sexual (CMEVS), que ocorreu com a publicação do Decreto Nº 18.825 do Diário Oficial da Cidade do dia 09/02/2011.

O percurso deste grupo nos últimos anos atesta o interesse da sociedade civil e do Estado na busca de alternativas para dirimir o problema da violência que assola não só a cidade e região, mas todo o país.

Esse grupo almeja que os esforços empregados na construção do Plano Municipal de Enfrentamento à Violência Sexual para Sorocaba possam ajudar as futuras gerações no caminho de uma sociedade mais justa e sem violência.

Breve histórico da construção da Rede na Cidade de Sorocaba

O Município vem realizando ações preventivas na área da violência sexual, implantando-as no âmbito da saúde, da educação e da assistência social e da intersetorialidade como podemos constatar a seguir.

A Secretaria da Saúde desenvolve prevenção primária, desde 1999, o Programa Recém-Nascido de Risco que realiza atendimento às mães de bebês nascidos no SUS, por meio de orientações da equipe de enfermagem acerca dos cuidados com o bebê, incentivando a amamentação. Esse Programa fornece também os seguintes atendimentos: médico pediátrico especializado em neonatologia, fisioterapia, fonoaudiologia, serviço social e psicologia às famílias em situação de risco biopsicossocial, por meio de visitas domiciliares e atendimentos ambulatoriais.

A referida Secretaria conta com o Programa Pré-Natal de Risco que, desde 1999, atua com gestantes que apresentam risco biopsicossocial e efetua trabalhos em grupos sócioeducativos, específicos para adolescentes e para adultas, atendimentos individuais que são realizados por uma equipe composta de médicos ginecologistas, psicólogo/estagiários, enfermeiro e técnico de enfermagem.

Cabe relatar que a Saúde desenvolve, desde 2006, o Projeto GerAções que atende, em 12 Unidades Básicas de Saúde, gestantes e mães de bebês que vivenciam risco psicossocial. Esse Projeto efetua trabalhos de grupos sócioeducativos que visam reduzir a morbimortalidade materno- infantil.

O Centro de Referência em Educação, órgão da Secretaria da Educação, em parceria com conselhos e outras organizações, trabalha constantemente a temática da violência sexual com os professores, orientadores pedagógicos, diretores e oficineiros da rede municipal de Sorocaba, a fim de prepará-los para tratar o tema nas Escolas Municipais, proporcionando um trabalho de prevenção e identificação dos casos nas Escolas. Os profissionais do CRE trabalham junto à equipe escolar nos casos de suspeitas, fazendo as intervenções e encaminhamentos necessários para o atendimento da criança/família.

A Secretaria da Cidadania, por meio das ações da Proteção Básica –CRAS atende as famílias em situação de vulnerabilidade social nos territórios, desenvolvendo suas ações com o objetivo de ofertar condições para o desenvolvimento das mesmas em busca do alcance dos direitos sociais.

A prevenção secundária, por sua vez, compreende medidas de diagnóstico e tratamento precoce dos casos, com o objetivo de limitar os danos quando a violência já ocorreu.

Conforme foi referido anteriormente, o Serviço de atendimento às vítimas de violência sexual (Núcleo Hospitalar de Epidemiologia) é a porta de entrada para o tratamento dos casos pela saúde.

O atendimento psicosóciojurídico às vítimas e suas famílias acontece no CREAS, que desde sua implantação entendeu que deveria atender a vítima pela inexistência de um programa específico na saúde mental. Um dos principais motivos do atendimento à vítima ocorrer no CREAS é o cuidado com a revitimizição, pois a vítima e sua família percorrem uma via crucis a partir do momento que o fato vem à tona. Com o passar dos anos a equipe foi se especializando nesse atendimento tornando-se uma referência no Município. O serviço é ofertado por meio do PAEFI, com recursos federais, estaduais e municipais.

O Conselho Tutelar também atende as vítimas e suas famílias a partir das denúncias e encaminhamentos dos diversos segmentos. Os pais e/ou responsáveis legais são notificados pelo Conselho Tutelar para compareceram ao órgão e prestarem esclarecimentos quanto ao ocorrido com seu filho. Após a oitiva, o papel principal do Conselho é garantir que o atendimento chegue a termo. Muitas vezes, as famílias são acompanhadas pelos membros do Conselho Tutelar ao CREAS, garantindo o agendamento de triagem para o início do acompanhamento pelo Centro. O Conselho Tutelar, à título de prevenção, ainda disponibiliza seus conselheiros para a realização de palestras nas escolas municipais, estaduais e particulares e entidades que desejem receber orientações sobre suas atribuições, podendo dar ênfase ao tema da violência.

A Clínica de Psicologia Aplicada CPA da Universidade Paulista de Sorocaba, por meio do seu programa de extensão comunitária – Núcleo Não Violência, vem atendendo as pessoas em situação de violência com auxílio dos alunos e ex-alunos que passam por curso de capacitação para iniciarem o atendimento. A proposta dos atendimentos que ocorrem em psicoterapia breve é a de trabalhar tecnicamente quatro eixos do atendimento que compõe: 1. Romper o ciclo de violência a partir esclarecimento sobre o tema; 2. Entrar em contato com sua história; 3. Perceber e fortalecer as potencialidades psíquicas da vítima; 4. Estabelecer um vínculo confiável com o terapeuta.

O CPA atende a cidade e Região e as pessoas em situação de violência chegam para o atendimento através de encaminhamentos de Conselhos Tutelares, CREAS e CRAS. O Núcleo Não violência objetiva capacitar profissionais da rede e produzir material científico sobre o tema, participando de congressos e Fóruns. A Universidade oferece curso de especialização sobre Prevenção à violência para profissionais da área.

Atuando junto à municipalidade, a Polícia Civil presta serviço a crianças e adolescentes vítimas de violência sexual instalada tanto no âmbito doméstico como em situações diversas desta, onde existe tal vínculo.

O atendimento dessas vítimas se dá de modo especializado, observando-se sempre a necessidade da coleta da prova sem que possa expor a criança e o adolescente a revitimização.

Os trabalhos de polícia judiciária possibilitam a segregação do autor de crimes contra a dignidade sexual afastando de imediato a figura do agressor da convivência com a vítima.

Ainda, e especialmente, se a violência contra a criança e o adolescente é perpetrada no âmbito doméstico, existe a possibilidade de aplicação das medidas protetivas de urgência, previstas na Lei 11343/03, conhecida como Lei Maria da Penha, que trata da violência doméstica e contempla, em seus artigos 5º e 7º inciso III, a violência sexual.

A Polícia Civil, por meio da Delegacia de Defesa da Mulher, por atribuição e função institucional, recebe a demanda de todos os crimes praticados contra a mulher, a criança e o adolescente, que são encaminhados por órgãos públicos e instituições, como a Polícia Militar, Guarda Municipal, Conselho Tutelar, CEREM, ou ainda pela denúncia feita de modo anônimo, cuja referência ocorre pelos serviços do disque-denúncia 180 e 181, ou pessoalmente.

Para fortalecer e aprimorar o atendimento a essa demanda é disponibilizado à polícia civil cursos de capacitação no enfrentamento a violência sexual a crianças e adolescentes.

Na prevenção terciária estão compreendidas as medidas de tratamento e reabilitação de casos estabelecidos. A aplicação deste modelo de tratamento à violência não se dá sem dificuldades, uma vez que é importante levarmos em consideração não só os efeitos da violência para a saúde física e psíquica das vítimas, prevenindo assim a morbimortalidade secundária, mas também a ocorrência da violência em si mesma, não só como crime, mas também nas suas várias formas de expressão na família e no convívio social.

No Estado de São Paulo há três Unidades Prisionais Especializadas em cumprimento de pena de reclusão para condenados por crimes contra a dignidade sexual, sendo uma delas localizada no município de Sorocaba. Essa unidade conta atualmente com uma população de 1.854 pessoas, originárias de várias cidades do Estado. Todas as Unidades Prisionais estão lotadas na pasta da Secretaria da Administração Penitenciária, cuja competência e responsabilidade são do Governo Estadual, mas que, ao serem mantidas em unidade prisional nesta municipalidade, mantém ligação com os recursos municipais.

Ressalte-se que a unidade referenciada existe para abrigar os condenados por tais delitos, porém, na ausência de um Centro de Detenção Provisória, há muitas pessoas que ainda aguardam sentença judicial, o que reflete, não só na dinâmica institucional, mas também no fluxo da delegacia especializada, vez que não há local adequado para encaminhamento do suposto agressor durante a investigação policial. Diante do exposto, mesmo os suspeitos e investigados são encaminhados para a penitenciária.

A Equipe dessa penitenciária, após diversas reuniões com o CREAS e o

Conselho Tutelar, instalou um procedimento em que durante as visitas, se houver criança ou adolescente que foram vítimas de violência, estas serão encaminhadas ao serviço social que, por medida de proteção, analisará as solicitações e emitirá parecer visando eliminar a possibilidade de revitimização.

ANÁLISE DA SITUAÇÃO

A cidade de Sorocaba localiza-se na região Sudoeste do Estado de São Paulo, a cerca de 90 km de distância da capital. Segundo o Instituto Brasileiro de Geografia e Estatística (IBGE), tem 586.625 habitantes, conforme o Censo 2010. Polo de uma região com mais de 2 milhões de habitantes, Sorocaba conta hoje com uma grande diversidade econômica. É a 5ª cidade em desenvolvimento econômico do Estado de São Paulo e sua produção industrial chega a mais de 120 países, atingindo um PIB de R$ 9,5 bilhões. As principais bases de sua economia são os setores de indústria, comércio e serviços, com mais 22 mil empresas instaladas.

1. Conselho Tutelar

O Conselho Tutelar atende as pessoas em situação de violência sexual, recebendo os encaminhamentos, na maioria das vezes, por Notificação Compulsória advinda do Conjunto Hospitalar de Sorocaba.
A denúncia também pode chegar ao órgão por telefone anônimo (Disque 100, Disque 181) ou por munícipe que nos procure relatando casos ou suspeitas de abusos sexuais envolvendo crianças e adolescentes.
Ao tomarmos conhecimento do abuso ou mesmo da suspeita, notificamos os genitores/responsáveis pela criança ou adolescente, conhecendo o histórico.
Não havendo registro prévio de Boletim de Ocorrência, orientamos que os pais/responsáveis o façam imediatamente e, em havendo negativa dos mesmos, o conselheiro se responsabiliza em efetuar o registro.
Conforme previsão expressa no Estatuto da Criança e do Adolescente (ECA), artigo 101, inciso V, verificada qualquer das hipóteses previstas no art. 98, o Conselho Tutelar poderá determinar, dentre outras medidas, requisição de tratamento médico, psicológico ou psiquiátrico, em regime hospitalar ou ambulatorial.

Em Sorocaba, o fluxo é o encaminhamento dos casos referentes a abuso sexual para o CREAS – Centro de Referência Especializado de Assistência Social.

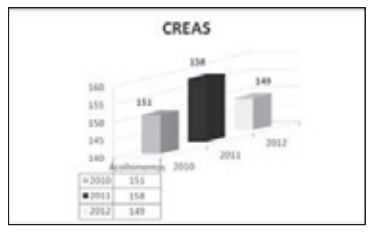
O gráfico acima demonstra um decréscimo no número de casos de pessoas em situação de violência atendidos pelo Conselho Tutelar entre os anos de 2010 e 2012. Este e os demais gráficos apresentados abaixo apontam para a necessidade de uma revisão do fluxo de atendimento na Cidade de Sorocaba.

2. CREAS – Centro de Referência Especializada em Assistência Social

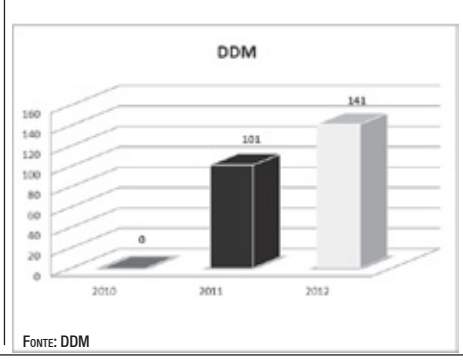


Fonte: CREAS

Os dados apresentados pelo CREAS são coletados a partir do momento em que a família faz o acolhimento para fins de acompanhamento sócio/psico/jurídico. A demanda constitui-se pelas vítimas menores de 18 anos, de ambos os sexos, encaminhadas em sua maioria pelo Conselho Tutelar. Os encaminhamentos procedem ainda do poder judiciário – Vara da Infância, da Família e Criminal; Hospital Regional – Núcleo das Vítimas de Violência Sexual; outros hospitais do município, D.D.M. - Delegacia de Defesa da Mulher; CRE – Centro de Referência em Educação; UBS- Unidades Básicas de Saúde; CRAS – Centro de Referência em Assistência Social; ONGs – Organizações não Governamentais que atuam na Rede Socioassistencial e procura espontânea. Alguns casos são encaminhados ainda por unidades CRAS e CREAS de outros municípios do Brasil, em função da família da vítima ter transferido residência para Sorocaba.
Em sua maioria, os casos chegam com a denúncia confirmada, ou seja, quando os fatos já vieram à tona, o responsável pela vítima efetuou o Boletim de Ocorrência – BO, na delegacia do bairro onde mora ou na D.D.M., a vítima foi atendida pelo setor de saúde do Hospital Regional, o exame de corpo de delito foi efetuado no IML – Instituto Médico Legal.
Contudo, alguns casos são encaminhados como suspeita para serem avaliados e a família orientada a tomar as devidas providências. Esses casos chegam geralmente encaminhados pela Rede de Educação, CRAS e ONGs. Esses casos causam um stress emocional para a suposta vítima, sua família e suposto agressor e precisam ser tratados com atenção.
Os casos registrados no CREAS já passaram pela DDM, Hospital Regional que notifica o VIVA, e pelo Conselho Tutelar, portanto pode-se afirmar que na maioria são os mesmos, que circulam entre esses Órgãos. A discrepância de dados entre eles demonstra que alguns casos se perdem no decorrer do processo. Constatamos que alguns desses casos retornam ao CREAS encaminhado pelo Poder Judiciário – Vara Criminal, quando já está em fase de processo, momento em que o Promotor/Juiz toma conhecimento que tem criança/adolescente envolvida no crime sexual.
Nos mais de 6 anos de funcionamento do CREAS cerca de 1000 casos foram registrados, uma média de 13 casos novos por mês. A agenda semanal é de 5 casos novos, sendo que mais de 80% procede da zona norte e oeste, onde se concentra o maior número da população de Sorocaba.
Esses números são considerados baixos ainda frente à problemática do abuso de crianças e adolescentes no Brasil, indicando a necessidade de melhorar o trabalho preventivo que já vendo sendo desenvolvido no país e em especial no nosso município.

3. DDM – Delegacia de Defesa da Mulher

A Delegacia de Defesa da Mulher, por atribuição institucional, apura todos os crimes cujas vítimas sejam crianças e adolescentes.
Para a contabilização dos dados é mister esclarecer o que a lei define como sendo crime de estupro de vulnerável, ou seja, aquele em que haja conjunção carnal ou ato libidinoso diverso desta praticado com menor de 14 anos, independentemente do sexo.
Pois bem, diante disso, as estatísticas são capazes de apontar com segurança números relativos a esses casos, entretanto, se o menor conta com idade entre 14 e 17 anos de idade, integra o rol destinado a crime de estupro, onde figuram como vítimas qualquer pessoa com idade mínima de 14 anos, impossibilitando, portanto, o levantamento dos dados de forma adequada.



Fonte: DDM

Importante ressaltar que os casos em que há registro de violência sexual praticada contra crianças e adolescentes, em sua totalidade, há orientação aos representantes legais das vítimas da existência de programas de atendimento a vítimas desse tipo de violência, desenvolvido pelo CREAS, entretanto, não há encaminhamento oficial, não se podendo afirmar que a parte efetivamente procure pelo referido órgão.
O contrário também é observado, uma vez que o CREAS atende a casos em que ainda não houve registro de ocorrência policial, bem como a parte não leva a efeito o devido registro, apesar de orientada neste sentido.
No ano de 2010 os lançamentos estatísticos para contabilização dos casos de estupro de vulnerável não era feito de modo apartado, de sorte que, naquele ano houve 166 casos de estupros que vitimaram crianças, adolescentes e adultos em geral.
O gráfico aponta aumento dos casos registrados entre o ano de 2011 e 2012 e isso se pode atribuir a dois fatores principais: a conscientização da sociedade por meio de campanhas esclarecedoras e atuação da mídia e, também, ao efeito positivo causado pela Lei Maria da Penha, que, apesar de não tratar especificamente de crimes sexuais contra crianças e adolescentes, (restringindo-se as vítimas menores e mulheres), vem criando efeito pedagógico e diminuindo, ao longo do tempo, a sensação e impunidade para os crimes cometidos no âmbito doméstico e a consequente sub-notificação, também para os casos estranhos a lei antes existentes.
A partir dos dados dos gráficos este plano municipal aponta para a necessidade de uma melhor interlocução do fluxo da rede.

4. Vigilância de Acidentes e Violências – VIVA Sorocaba

O município iniciou em 2006 as estratégias de reconhecimento das ocorrências de violência atendidas pelos serviços de saúde, por meio da participação do Inquérito VIVA – Vigilância de Violência e Acidentes, que levantou as informações sobre violência em unidades de emergência.
Alicerçado na portaria MS/GM nº 737 de 2001, e com o recebimento de incentivo financeiro do Ministério da Saúde, foi instituído no ano de 2008 o Núcleo de Prevenção da Violência e Promoção da Saúde e Cultura de Paz, a VIVA Sorocaba dentro da Área de Vigilância em Saúde, na Seção Vigilância Epidemiológica.A implantação da ficha de notificação de violência no Sistema de Informação sobre Agravos de Notificação – SINAN ocorreu em 2008, quando foi mplantada em um centro de referência para vítimas de violência sexual e na Unidade Pré-hospitalar da Zona Norte, adotada a partir de então, como unidade sentinela para violências.
A partir de 2009, foi implantada a ficha de notificação de violência doméstica, sexual e outras violências, com o objetivo de dar maior visibilidade à violência contra mulheres, crianças, adolescentes e idosos, que são atendidos pelos serviços de saúde, mas não contemplados pelos outros sistemas de informação.
Os gráficos abaixo demonstram os números de notificações de Violência Sexual que ocorreram de 2008 a 2012 e os números de notificações por idade e ano.

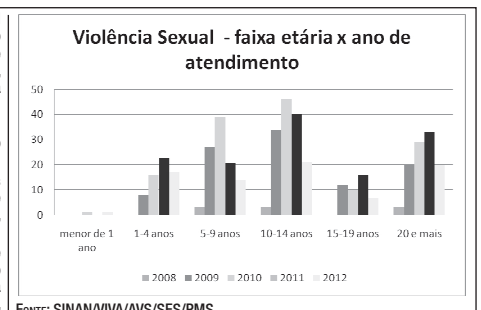
No ano de 2008, iniciamos as capacitações, ainda focando apenas em uma Unidade de Saúde, o que justifica o número reduzido de notificações. A partir de 2009, com a realização de dois grandes eventos anuais – Fórum de Enfrentamento da Violência Sexual, em maio e Semana Municipal de Combate a Pedofilia em outubro, além de capacitações periódicas, os números de notificações aumentaram. Os dados de 2012 reforçam a necessidade de capacitação contínua, uma vez que este foi um ano onde as ações educativas e campanhas publicitárias foram reduzidas, o que justifica a redução de notificações realizadas.



Fonte: SINAN/VIVA/AVS/SES/PMS

Em todos os anos observamos que a maior parte das vítimas de violência sexual estão entre 0 e 14 anos, representando em média 67% dos casos/ano.
Os gráficos acima mostram os atendimentos dos diferentes equipamentos realizados entre os anos de 2010 a 2012. Percebe-se que houve uma discrepância de um equipamento para o outro no que diz respeito ao número de casos atendidos em situação de violência sexual. O Conselho Tutelar apresentou decréscimo em atendimentos entre os anos de 2010 a 2012, o CREAS apresentou um aumento significativo entre os anos de 2010 a 2011, porém um decréscimo no ano de 2012.
A DDM apresentou aumento entre os anos de 2011 e 2012. A ressalva com relação a esses números se refere às vítimas com até 14 anos. O ano de 2010 não pode ser contemplado pelo equipamento, pois houve promulgação da Lei dos crimes contra a dignidade sexual que, posteriormente, instituiu a figura do estupro de vulnerável que se refere aos crimes praticados, entre outros, contra menores de 14 anos.
Os gráficos também apontam para a falha no controle dos casos de pessoas em situação de violência, pois não é possível assegurar que os mesmos casos atendidos na DDM no ano de 2012 referem-se aos casos atendidos no CREAS no mesmo ano. A partir dos dados dos gráficos este plano municipal aponta para a necessidade de uma melhor interlocução do fluxo da rede.
Nossos achados ainda podem ser incipientes, se comparados aos dados nacionais e internacionais. A Comissão Municipal de Enfrentamento à Violência Sexual Contra Crianças e Adolescentes tem ciência de que os números oficiais apresentados neste documento não expressam verdadeiramente o alto índice de violência existente no município, na região, no país e no mundo, pois, o tema supracitado ainda provoca nas pessoas que vivem em situação de violência e nos próprios profissionais dos diferentes serviços muitas situações de medo, vergonha, falta de conhecimento e atendimento qualificado.
Algumas populações ainda precisam ser pesquisadas, mais uma razão para a implementação deste plano municipal, pois entendemos que no caso de meninos/homens esse número seja ainda maior, devido a uma cultura machista, que muitas vezes dificulta o pedido de ajuda da criança/família.
Outra questão cultural para ser enfrentada, refere-se às mulheres abusadoras tema ainda parece ser velado no contexto familiar e profissional. Do ponto de vista profissional, a Comissão Municipal de Enfrentamento à Violência Sexual Contra Crianças e Adolescentes espera sensibilizar as equipes dos diferentes equipamentos do município com a proposta do Plano Municipal de modo que se aproximem do tema para buscar capacitação no atendimento às pessoas em situação de violência e aos agressores em questão.
Assim, mesmo alarmados com os indicadores oficiais que temos, sabemos que esse número pode ser duas ou três vezes maiores. Daí a necessidade de um Plano Municipal norteador de ações de prevenção, responsabilização, acolhimento e atendimentos adequados para as pessoas envolvidas em situações de violência sexual.
Com base nos dados reais do número de crianças e adolescentes que sofreram violência no município, a Comissão Municipal de Enfrentamento à Violência Sexual Contra crianças e Adolescentes apresenta o Plano Municipal de ação para os anos de 2013 a 2018 com revisão a cada 2 anos.

Audiência Pública do Produto 1 – Diagnóstico do Plano de Coleta Seletiva

MANIFESTAÇÕS ESCRITAS A SEREM RESPONDIDAS POR MEIO DA PUBLICAÇÃO EM JORNAL

1- Nome: PROF. DR. LUIZ CARLOS
Instituição: COMDEMA
Questionamento: O teste do poder calorífico foi realizado apenas para rejeitos? Neste caso, a incineração é o destino visualizado? Qual outro destino possível?
O poder calorífico foi levantado considerando-se os seguintes materiais:
1) Resíduos orgânicos + inorgânicos (incluso rejeitos) – para fins de validação da metodologia e comparação com a bibliografia existente sobre o assunto.
2) Resíduos orgânicos + rejeitos – para estudar as possibilidades de tratamento dos materiais que não são passíveis de reciclagem.
A incineração é uma alternativa tecnológica para o tratamento de resíduos, assim como diversas outras tecnologias disponíveis atualmente, como gaseificação, pirólise, plasma, aterro sanitário, entre outras disponíveis no mercado. Não está vislumbrado no Plano de Coleta Seletiva qual será o destino dos rejeitos, nem tampouco a tecnologia mais viável ambiental e economicamente para seu tratamento. Encontra-se aberto o acolhimento de propostas relativas às alternativas e possibilidades de gerenciamento de resíduos através do Edital de Chamamento 001/2015 publicado em 30/04/2015. A partir do recebimento das propostas as mesmas serão minuciosamente estudadas e analisadas por técnicos especializados antes de qualquer decisão por parte do Poder Público Municipal.

2 – Nome: THAIS ELEONORA MADEIRA BUTI
Instituição: ZOONOSES/SEDES - Prefeitura
Questionamento: É possível que a SES, a SEMA, SEDES e a SERP atuem juntas na identificação e cadastramento dos profissionais autônomos e informais, com o compartilhamento de dados, para que se dê o adequado tratamento e providências cabíveis por parte dos setores competentes, objetivando o controle de vetores e a prevenção de enfermidades e agravos á saúde, e especial a dengue?

Prezada Thais,
A Secretaria de Serviços Públicos (SERP) contratou o Plano de Coleta Seletiva para, dentre outros levantamentos, apresentar o panorama dos catadores informais de recicláveis operantes dentro do Município. Foi dada ciência deste estudo aos responsáveis da Zoonoses, aos CRAS e CREAS municipais, os quais inclusive participaram de algumas reuniões. A SERP atua exclusivamente nos serviços operacionais relacionados à coleta seletiva e gestão de resíduos, não cabendo dentre suas responsabilidades tal cadastramento. Ressaltamos, porém, que a SERP tem desempenhado diversas ações de limpeza em áreas públicas e privadas em parceria com a Secretaria da Saúde e a Fiscalização e está amplamente aberta à quaisquer tratativas no que se refere ao compartilhamento de dados e informações.
Salientamos que o Diagnóstico do Plano de Coleta Seletiva encontra-se disponível para download no site da Prefeitura, no link "serviços".

3- Nome: FABIO SALLES
Instituição: Cooperativa de Reciclagem de Sorocaba - CORESO
Questionamento: "Hoje vocês querem que sejamos fortes, mas querem tirar o pouco que temos para colocar empresas grandes. Então nos dê verbas para podermos ser grandes e não termos que ser submetidos aos grandes" Prezado Sr. Fábio, em momento algum a Prefeitura manifestou interesse em retirar os catadores do processo de gestão de resíduos recicláveis, tanto que fornece subsídios para as cooperativas através da oferta de caminhões, galpões, motorista, combustível e equipamentos, somando um montante mensal de aproximadamente R$ 150.000,00 (cento e cinqüenta mil reais), visando a continuidade das atividades das cooperativas de triagem e reciclagem no Município. Ressalta-se, contudo, que a Prefeitura visa o atendimento do Município como um todo e que a demanda para a cidade de Sorocaba supera em 10 vezes a capacidade de atendimento atual das cooperativas. Além disso, é importante frisar que a Prefeitura não pode transferir verbas para quaisquer entidades ou empresas, sem que haja um processo licitatório ou Termos de Ajustes devidamente fundamentados e de acordo com a legislação vigente, comprovadamente vantajosos para o Município. Dessa forma, informamos que a Prefeitura está aberta ao recebimento de propostas e projetos estruturados e que sejam economicamente viáveis ao Município, tendo sido dada ampla divulgação ao Edital de Chamamento Público 001/2015, através do qual aguardamos manifestações dos diversos órgãos interessados.

ANEXO 1 da RESOLUÇÃO SEHAB 16/2015
ESPECIFICAÇÕES TÉCNICAS DO SORTEIO ELETRÔNICO

A Secretaria de Habitação e Regularização Fundiária torna pública as especificações técnicas sobre o Sorteio Eletrônico de Unidades Habitacionais do Programa Minha Casa Minha Vida para os Programas Habitacionais "Viver Melhor" e "Altos do Ipanema II".

SOBRE O SORTEIO ELETRÔNICO

1. As unidades habitacionais serão sorteadas por meio de sorteio eletrônico, realizado em evento público, conforme essa Resolução possibilitando a participação de representantes da sociedade e interessados no Programa Minha Casa Minha Vida faixa I.

2. O programa utilizado sorteia aleatoriamente a ordem dos números por meio de algoritmos e cálculos matemáticos. Para fins de auditoria, a SEHAB divulgará, junto com o resultado do sorteio, o campo "Semente" referenciado em cada lista a ser sorteada. A semente é o que garante a aleatoriedade do processo e permite a reprodução de determinado sorteio já realizado, com resultado idêntico.

3. A "semente" é 4 bytes que pode ser um número entre -2147483648 e 2147483647, obtido do serviço web random.org ou, pela indisponibilidade deste, do número obtido pelos milissegundos no momento do sorteio, também com 4 bytes. Assim, cada vez que se clicar no botão "gerar lista" do script do sorteio eletrônico, uma lista diferente de sorteados será criada por que terá outra semente aleatória.

4. Para verificar a autenticidade do sorteio, qualquer pessoa ou auditoria poderá reproduzi-lo em outro computador. Para isso, basta utilizar a semente publicada junto à lista dos sorteados.

DOS PROCEDIMENTOS PARA O SORTEIO ELETRÔNICO
1. No último dia útil antes do sorteio (15/05/2014 - 6ª feira), a aplicação será instalada em um notebook com a supervisão de técnicos convidados para fiscalizar o procedimento, conforme Resolução Sehab 19/2015.
2. Será realizado o download dos arquivos compilados do repositório público e o banco será criado através do script disponível no repositório público;
3. O sistema será testado, e verificado o funcionamento correto, a base de dados será apagada para receber dados somente no momento do sorteio, a ser realizado no dia 16/05/2015 – sábado;
4. Para garantir isto, a máquina será desligada e lacrada em recipiente assinado pelos presentes indicados, na Resolução Sehab 19/2015.
5. No dia do sorteio, as tabelas serão abertas para comprovar que não há informação antes do sorteio;
6. Etapas:
• A data e a identificação do sorteio serão cadastradas no sistema;
• Será carregado o arquivo com a lista de pré-habilitados e seus critérios;
• O número de candidatos de cada lista(Titulares/Reservas) será informado e salvo no sistema;
• O sistema fará a separação dos pré-habilitados em listas:
- Candidatos deficientes;
- Candidatos idosos;
- Candidatos indicados pela Prefeitura de Sorocaba

- Candidatos Geral II
- Candidatos Deficientes (Reserva)
- Candidatos Idosos (Reserva)
- Candidatos indicados pela Prefeitura de Sorocaba (Reserva)

- Candidatos Geral II (Reserva)

• Para o sorteio de titulares, caso o número de empatados na lista de candidatos deficientes e de candidatos idosos, pelo maior nº de critérios, seja menor que o total de unidades habitacionais para aquela lista:
- Selecionar aleatoriamente os candidatos empatados por número de critérios.
- Subtrair a quantidade destes casos do total de unidades habitacionais da lista.
- Repetir o procedimento até que o nº de empatados seja superior ao total de unidades habitacionais da lista.

JUSTIFICATIVA:

O presente projeto de lei tem por objetivo assegurar aos funcionários públicos municipais da Prefeitura, Câmara Municipal, integrantes da Administração Direta e Indireta, das Fundações, das Autarquias, sendo concursados, contratados e estáveis, aposentados e pensionistas, o direito à moradia.

O "Minha Casa Minha Vida" é um programa habitacional do governo federal para construção de moradias em parceria com os Estados e Município. Porém, acreditamos que alguns critérios e procedimentos para a seleção dos beneficiários do "Programa Minha Casa, Minha Vida", podem ser alterados através de legislação própria que institui política habitacional, em específico, para o funcionário público.

Estamos sugerindo para a adoção de novos critérios, a reserva de, no mínimo, 1% (um por cento) das unidades habitacionais destinadas ao funcionário público municipal, pois, uma quantidade enorme de famílias de servidores públicos municipais não possuem condições para adquirir casa própria.

Por isso apresentamos este Projeto de Lei e esperamos o apoio de nossos Nobres Pares para sua aprovação.

JUSTIFICATIVA:

Sabe-se que os aparelhos hidrômetros utilizados pelo SAAE estão sendo tecnologicamente aprimorados, no sentido da sensibilidade e precisão da leitura.

Ocorre que a política de tarifação vigente considerou, à época em que foi elaborada, parâmetros relativos aos hidrômetros classe "A", menos sensíveis e menos precisos.

À medida que esses aparelhos estão sendo substituídos por outros de classe "B", mais sensíveis e mais precisos, o apontamento de consumo da unidade fatalmente aumenta, não em razão de aumento de consumo, mas apenas em razão da maior sensibilidade e precisão do novo hidrômetro, acarretando uma elevação desequilibrada e imotivada na receita da autarquia.

Para compensar isso, a partir da substituição de um aparelho classe "A" por outro classe "B", necessariamente o SAAE deve aplicar uma correção, na forma de desconto, ao consumidor, a fim de reequilibrar a justa relação prestador/consumidor
